# WHAT IS THE GALLATIN VALLEY INDEPENDENT BUSINESS ALLIANCE?

The Independent Business Alliance, a non-profit organization, is a coalition of locally owned independent businesses, organizations and community members dedicated to building a healthy local economy which provides better work opportunities for the people of the Gallatin Valley and the surrounding region while preserving a strong sense of community that nurtures individuals and families.

The Alliance is committed to educating residents on the benefits of buying goods and services from locally owned independent business, thus keeping the Community unique and supporting locally based economic development.

**COME JOIN US!**

---

## PRESERVE AND ENHANCE YOUR QUALITY OF LIFE - BUY LOCAL

*Five Reasons to Spend your Money at Locally Owned Businesses:*

1. **Friendliness** - Where a businesses knows you and you know them.
2. **Service** - If they don't have what you need, they will order it and call you when it comes in.
3. **Connect to your Community.** Know your store owner, they live here too.
4. **Support** - Spend your money in his/her store and he/she will give/spend their money in your store or on your kids' sports team/ your charity.
5. **Economic Health of the Gallatin Valley.** Enhanced by the money multiplier effect.

To enrich the Gallatin Valley because each time money is spent at a locally owned business, the revenue stays in our community to support city resources such as schools, parks, police and fire departments, etc.

To provide more new jobs since locally owned businesses are the Gallatin Valley's largest employer.

To enjoy a sense of community in human-scale business with employees who are committed to the Gallatin Valley.

To ensure a solid foundation for our non-profit organizations which receive greater support from locally owned businesses than from non-locally owned businesses.

Where you spend your money affects the quality of life in the Gallatin Valley and Beyond!

When you spend your money at locally owned businesses, more of your money stays in the area to be re-spent.

Each time money is spent at a locally owned business, more money is available to support other local businesses like retail stores, movie theaters, auto repair shops, restaurants, health services, etc., and more local jobs are created.

Each time that money is spent and re-spent in the area, our tax base is strengthened.

With this stronger tax base, the Gallatin Valley is better able to fund city resources such as schools, parks, police and fire departments, etc.

By spending money at a locally owned business you help build the Gallatin Valley's economy and improve our quality of life.

## ACCOMMODATIONS

### Microtel Inn & Suites

612 Nikles Drive, Bozeman • 586-3797 • 800-587-3797
